The vote was conducted on April 30, 2014, however, the results are sealed due to the employer contesting certain ballots cast. The process is before the Labour Board currently to determine the scope of the bargaining unit.

Operational Managers at Ontario Corrections

PSAC Ontario has launched a campaign to organize 600 Operational Managers employed by Ontario's Correctional Services. Ontario's Correctional Service establishes, maintains, operates and monitors correctional institutions and probation and parole offices. The Union of Solicitor General Employees (USGE), a Component of the PSAC, has expressed their support for this organizing campaign. PSAC filed a certification application to request a Union vote and the Ontario Labour Relations Board (OLRB) ordered a vote for the week of April 16th till April 19th, 2013. All ballots have been segregated and the count postponed until the Employer challenge with respect to managerial exclusion is dealt with. The first hearing date took place on October 9, 2013, with hearings scheduled for September 15-17, 2015.

Application for Certification for UOIT Faculty Advisors

On March 18, 2015, PSAC filed an application for certification for Faculty Advisors at the University of Ontario Institute of Technology (UOIT). the job. Federal NDP MP Glenn Thibeault resigned his seat to run for the Ontario Liberals in this by-election.

Liberal Glenn Thibeault was elected as Sudbury's new member of the Ontario Legislature, defeating NDP candidate Suzanne Shawbonquit, Independent candidate Andrew Olivier and Progressive Conservative Paula Peroni.

The communications network has been established and is being strengthened with monthly actions.

On March 18, 2015, the Union of Taxation Employees (UTE) held a country-wide day of action to support ongoing bargaining. UTE Locals across Ontario took part by wearing red and black union shirts and posting photos to social media.

Actions on the 19th of every month

All Locals across Ontario are being asked to come up with creative actions to show their solidarity on the 19th of each month, in anticipation of the Federal election originally set for Oct. 19, 2015. Ontario Local Health Check Survey

On January 27, 2015, in preparation for the upcoming 2015 federal election, our Region undertook a new Local Health Check Survey to get Locals ready to take action. PSAC Ontario asked Local Executive members to fill out this survey to assess the health and capacity of their Locals, determine Local development needs and analyze the impacts of the cuts from the 2012 federal budget onward on our membership and the services they provide.

CLC Election Preparation Conferences

The Canadian Labour Congress (CLC) held election preparation conferences across Ontario to train activists on mobilizing for change. Workshops included building local campaigns, how to build political support, using social media and how to reach out to different demographics to get out the vote. Nearly 70 PSAC activists received the training across Ontario.

UOIT Students Walkout

PSAC DCL 555, along with Drop Tuition UOIT, a student organization, organized a mass walkout on March 24, 2015. The walkout was intended to raise awareness that UOIT has some of the highest tuition fees in the country. The demands were simple, for UOIT to lower tuition fees and for the province to provide debt relief for students. The demonstration was successful in garnering local media attention, with over 100 students taking part.

Treasury Board Province-wide Telephone Town-hall

On March 11, 2015, PSAC Ontario held a province-wide telephone town-hall for all Treasury Board members to discuss ongoing negotiations. We Are All Affected Campaign

One-on-One Campaign

Our region continues to focus our one on one campaign through messaging around the importance of solidarity especially in terms of bargaining. Highlighting our wins in our collective agreements and the threat to these achievements has helped connect members with the importance of this campaign. We will continue to sign pledge cards and encourage member to member conversations, as bargaining remains a key priority for our membership.

April 15 Actions: Fight for \$15 & Fairness

Communities across Ontario are joining the North American-wide movement for decent work and a \$15 minimum wage. On April 15, actions took place in over 200 cities in the US, Canada and around the world. In Ontario, activists are demanding that Labour Minister Kevin Flynn use the current review of employment and labour law as an opportunity to curb employer practices that undermine decent wages and working conditions in Ontario.

In Toronto, workers at Pearson airport rallied at Terminal 1 for an important launch of the campaign for a \$15 minimum wage for every worker at Pearson, irrespective of company or union. Its impact would be profound as an airport minimum wage of \$15 per hour plus improved protections around contracting out would go a long way in finally ending the continual assaults on wages, jobs and Collective Agreements.

Day of Mourning Radio Ad Campaign

The week prior to National Day of Mourning, PSAC Ontario ran radio ads to promote workers safety. Seven cities were chosen including Sudbury, Windsor, Sarnia, Kitchener, London, Toronto and Hamilton. The 30 second message radio ad stated the following:

On average, 4 workers lose their lives across Canada every day, and in Ontario over 1,000 workers are injured on the job each day. On April 28th we commemorate National Day of Mourning. A day to remember those injured or killed on the job and to promote safer work places for everyone. A message from the Public Service Alliance of Canada – Ontario region, helping to make workplaces safer!

These radio ads helped to promote PSAC as a health and safety leader, coinciding with PSAC's healthy workplaces campaign.

Support the Youth Vote

Brigette DePape, the young activist who held a Stop Harper sign while a page, is working with the Council of Canadians to mobilize the youth vote to defeat Harper in 2015. CUPE 3902 and 3903 Solidarity

On March 13, 2015 a flying squad from PSAC DCL Academic Locals made their way to both York University and the University of Toronto to support CUPE 3902 and 3903, as both were taking strike action. PSAC members from Queen's University, Western and UOIT came down to walk the picket line with their Sisters and Brothers, in support of improving working conditions for both groups. These two locals collectively represent about 12,000 workers, and their working conditions affect the learning conditions of many thousands more, in addition to setting precedents that will affect bargaining across the board.
